Henderson Development Employees COVID-19 Work Protocols

The health and well-being of our employees are always the top priority at our offices. Here are the proactive measures we have taken to keep our employees safe.

- Wash hands often with soap for 20 seconds
- Disinfect the frequently touched surfaces
- Hand sanitizer available at the reception area
- Cover your mouth and nose when you cough or sneeze
- Wear face mask if unable to practise social distancing
- Follow the protocols set up by the landlord of the office property when accessing the common areas of the building
- Stay home if not feeling well, get COVID-19 tested if related symptoms occur and keep the office informed of the status
- Self quarantine and/or tested when you have contact with COVID-19 infected person.
